Hi, Juan,

Once registration opens, which is supposed to be today, there will be prices for all the different options. You will need to review to determine the best registration rate that applies to you.

Sincerely,

Jenny:

I will be present, I will wait for the time when the system opens
the hotel at special rates for meeting presenters.

I also wish to know whether is better to pay the registration at the discount price or as retired
professor, where the price is always much low.

Thanks, Juan

Hi, Juan,

There is nothing you need to do to publish your expanded abstract. Upon completion of IMAGE, the Publications team will start working on getting the expanded abstracts published. Please note that failure to attend will result in your abstract not being published.

Sincerely,
